BAND MEMBER PROFILES

Mark Alexander: Drummer and Vocalist **Mark Alexander** has been playing music for over two decades and began his journey in music at the age of thirteen. In Mark's own words "I have been playing sloppy drums since the good Lord gave me hands!!". Formally trained as a percussionist in local school programs, Mark is very well versed in a variety of percussion techniques and is also studied in the area of musical notation and sight reading. Although his appreciation for all things percussion is far too vast to mention, a few of Mark's heaviest influences include Keith Moon, John Bonham, Mitch Mitchell, Stewart Copeland, Neal Smith and the list, of course, goes on and on. Mark is truly the engine that drives **TSO**. A subtle master behind the kit, Mark is the all heavy, all light, all the speed and all the finesse that any group could want in a well versed power percussionist. Certainly no stranger to the live music scene, Mark has been the backbone of many area bands for the past fifteen years either as a singer, a drummer or as both. Those who have seen him play know that he may very well be one of the most dangerous drummers in the area. He can break you with the bombast of classics such as Highway Star by Deep Purple and the incredible Black Sabbath epic A Symptom Of A Universe. From there he can turn things completely around and ease you with the smooth feel of tunes such as Ready For Love by Bad Company or the driving beauty of Thank You by Led Zeppelin. All of this done while either taking on the lead vocal role or maintaining perfect harmonies. Truly showing no limit to his skills and abilities, Mark is a sight to see. Make a date to check him out. You will not regret it.

Doug Daniels: Bassist and Vocalist **Doug Daniels** is a well seasoned veteran of the local music scene, coming to **TSO** with an incredible amount of musical knowledge and experience. Doug has been a figure in the local music scene for decades not only for **TSO** but for a number of local acts as well. Although he does still lend his engineering talents to many other musicians, Doug has dedicated his musical talents to providing the heavy bass bottom end to the **TSO** machine. Doug's musical influences are countless and it is evident that he has studied and admired the best of the best in the bass business for a long, long time. His vocal range, his keen ear for harmonies and his knowledge and skill as a bassist add great depth and fresh life to the machine that is **Third Stone Oracle**. Doug is a bassist in the truest sense of the word and his prowess and skill as a player is absolutely unmatched adding great fuel to the **TSO** fire. His knowledge of music, his skill as a bassist and his drive as a musician and performer have stepped **TSO** up to a new and unmatched level.

Come and watch Doug stand stern, strong and stone faced on stage as he throws the lows down for **TSO**.

Cecil Delloma: Guitarist and Vocalist **Cecil Delloma** has been playing guitar for over twenty-six years and fronting bands for the last fifteen. Before making Middletown, Ohio his home a little over ten years ago, Cecil played in a variety of bands in Ohio, West Virginia, Maryland, Washington D.C. and Texas until finally making his final stop and home in Middletown. Over the past few years Cecil has been involved with a number projects in the area. On and off in the now defunct power trio Group Therapy and for some time he and **TSO** drummer Mark Alexander played together in the short lived trio Big Shirley. After reconnecting, He and Mark resumed their familiar search for the right fit in a Bassist and after a series of odd and trying events found an anchor in **TSO** Bassist Doug Daniels. Now he spends his time playing music, putting on a show and having a good time. Cecil's list of influences could stretch on for days but the most notable are Led-Zeppelin, Elvis Presley, Jimi Hendrix and many others. His strong vocals, guitar work and stage presence set an exciting tone for the band and the crowd and his musicianship, showmanship and energy is an absolute compliment to the additional talent he is surrounded by with his band mates. A sight to see, he will leave you energized and looking forward to the next **Third Stone Oracle** show. Do yourself a favor and check him out.
